Ellen Blomfield sampler

Red school sampler. The original was stitched on evenweave, with red thread.

She must have run out of thread on the last row as it is done in a slightly thicker, and darker thread

Good , neat stitching with few mistakes. I recharted it exactly as it is, flaws and all.

Ellen Blomfield age 11, March 3 1871

113 x 140 stitches
20,5 x 25,4 cm on 14 ct
